Renee,

Okay that makes sense. I appreciate this information.

I will continue to keep reporting locations in my grid with photos and I expect SLO Rodriguez will as well.

Thanks for all you do for CD10!

Hi Liz,

Yes, but remember we are only doing spot cleanings at this time, there are No Posted comprehensive full clean ups and it is okay for tents to be up all day. We are enforcing ADA & ingress/egress, we cannot remove any bulky items deemed personal items, as we would have to store them for 90 days.

Hi Renee,
I just got this new photo from SLO Hebel Rodriguez at Wilshire about the growth of the encampment that is on a small median near 5027 W. Venice. Hebel called this morning to see what can be done at this location.

Can this site also be included on the 18th visit with Wilshire Division?

I sent photos of this last friday but can't seem to find and SIR on it. It's been about 3 weeks since LA San hit it last?

Please let Hebel and I know.
With Thanks!
Liz

Hello Liz,

Per our conversation this morning, here are the current conditions at Venice and Orange. I also cc'd my sergeant on this email since he was notified by our captain regarding the amount of trash that has accumulated by the encampments. Thank you again for your help with this matter.
